Manuscript ID:

Manuscript Title:

I, the undersigned Corresponding Author, hereby certify on behalf of all co-authors that the submitted manuscript is the final, complete, and accepted version by all authors. I declare that all authors have reviewed the text, figures, tables, and data and affirm that they are accurate, original, and free of scientific misconduct. All references have been checked.

We, the authors, collectively accept full responsibility for the entire content of the manuscript. This includes the validity of the scientific concepts, data, analysis, and interpretations. All linguistic aspects, including grammar, spelling, and clarity of language in the pre-copyediting version.

- ★ To ensure a rapid and efficient publication process, authors agree to the following procedure:

Pre-Copyediting Stage: It is the authors' sole responsibility to ensure the manuscript is linguistically and scientifically correct before it is sent for copyediting.

Copyediting Stage: The journal's production team will perform a copyedit on the accepted manuscript for style, formatting, and minor grammatical corrections to conform to the journal's standards. A copyedited version will be sent to the corresponding author for a single, final check.

Author's Final Proof Check: The corresponding author is required to review the copyedited proof exclusively for typesetting or copyediting errors introduced by the journal. This check is not an opportunity for rewriting text, re-analyzing data, updating content, or making stylistic changes.

No Changes Post-Approval: The author's approval of the final proof signifies that the manuscript is ready for publication in its current form. After the corresponding author approves the final proof, no further changes of any kind (scientific, grammatical, or stylistic) can be requested or made. The authors don't have the right to request changes after this point.

- ★ The SUJPAS reserves the right to retract the manuscript at any production stage if author-provided data or content is found to be erroneous or fraudulent and notify authors' institutions.

- ★ Declaration of Consent
